

Human Resource Letter No. 13-10
Hazardous Weather

In the event of hazardous or inclement weather, you are reminded to check for delays or closings for State Government Employees in Richland County. Please be reminded to observe the county in which you work, not reside. State government offices and their employees will follow the same winter weather hazard decisions made by the county government officials where the state office is located. For example, a county's decision to delay opening or close county government offices would mean state employees who work in the impacted county would also delay opening or close state government offices. If the office has been declared closed, you are asked to abide by the closing and not come into the office to ensure your safety. Should you have any questions, please feel free to contact me.

Thanks
Cathy
